

Preparing for Floods

Note to Teachers: This thumb-drive is a toolkit that comprises resources to help you prepare your students for a flood. In this toolkit, we suggest how you might use the resources provided. However, you may also choose to adapt accordingly for your students or use various combinations of the toolkit as you see fit!

What's in this Toolkit?

1. Prudential's Safe Steps Flood Evacuation: Posters
2. Prudential's Safe Steps Flood Evacuation: Video
3. What's in the Bag?: Activity Sheet
4. In Case of an Emergency: Activity Sheet
5. What are Safe Steps during a Flood?: Activity Sheet
6. Flood Preparedness Powerpoint Slides - ENG/BM versions

How to use these Resources?

Prudential's Safe Steps Flood Evacuation: Posters

To be put up on announcement boards in classrooms and in school compound.

Prudential's Safe Steps Flood Evacuation: Video

To be shared with students in assembly, class or a club.

What are Safe Steps during a Flood? Activity Sheet

To be printed as worksheet for students to complete. Preferably in a school club/society activity or in school assembly, best administered while watching/after Safe Steps Video as a listening task to recap important points.

What's in the Bag?: Activity Sheet

To be printed as worksheet for students to complete. Preferably in a school club/society activity or in school assembly.

In Case of An Emergency: Activity Sheet

To be printed as worksheet for students to complete. Preferably in a school club/society activity or in school assembly.

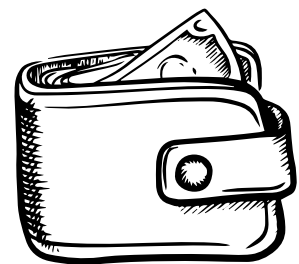

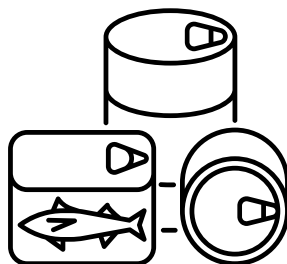

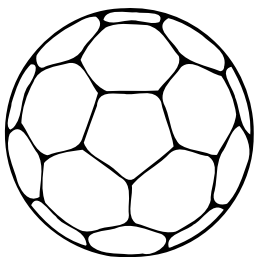

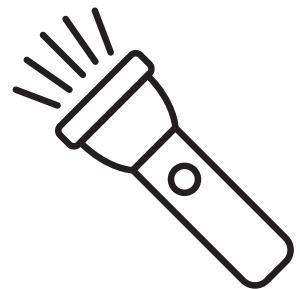

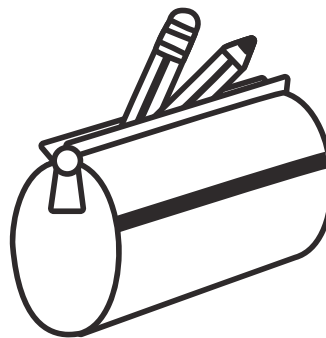

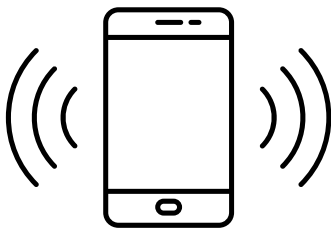

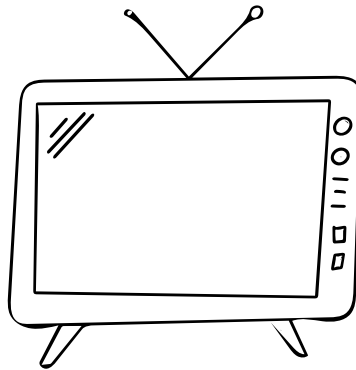

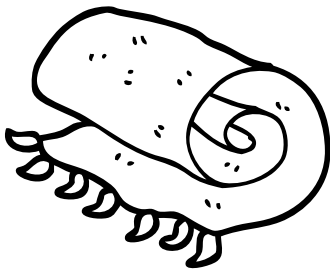

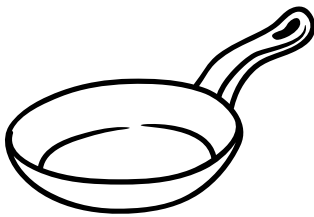

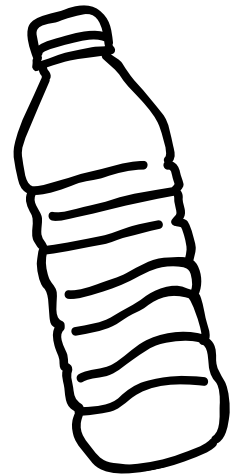

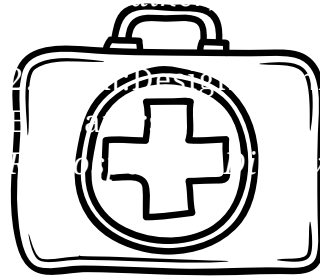

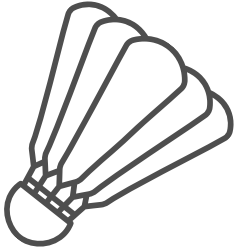

Flood Preparedness Powerpoint Slides

Optional: To be conducted as an interactive activity during school assembly.

Choice of Activity 1, Activity 2 and/or Activity 3.

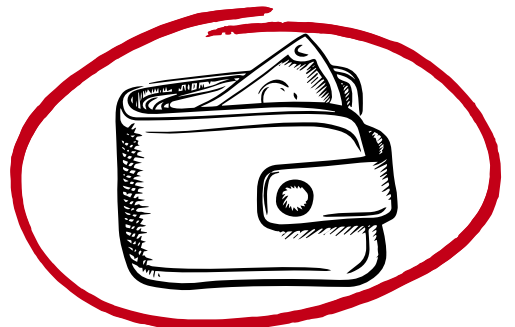

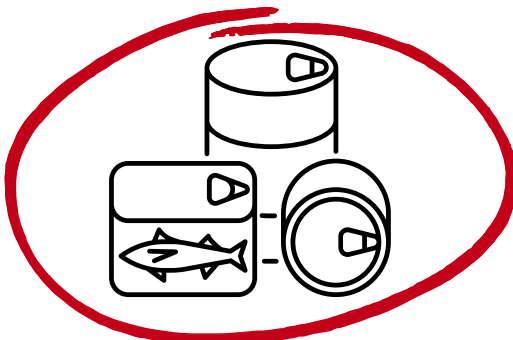

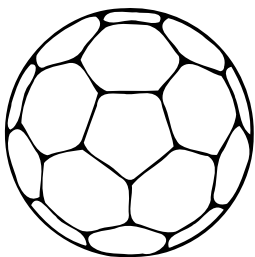

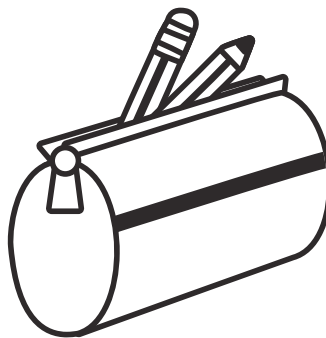

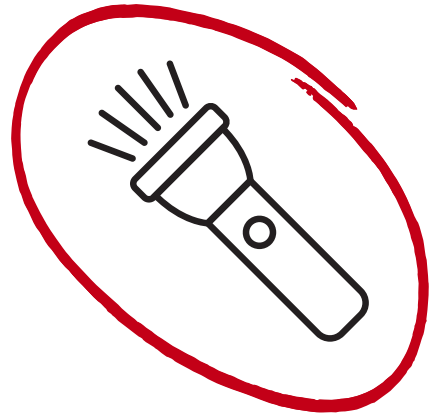

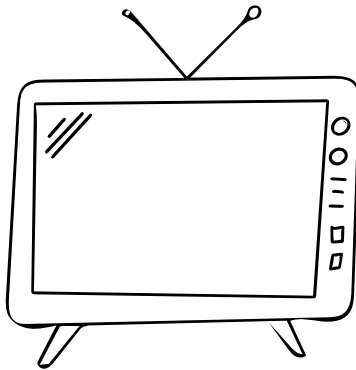

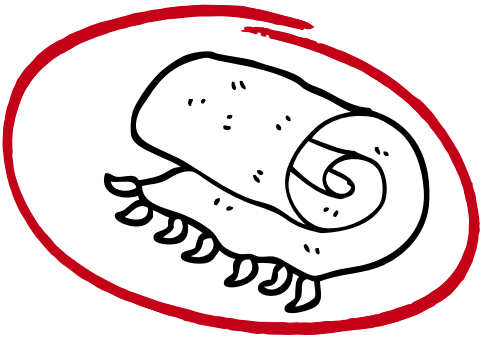

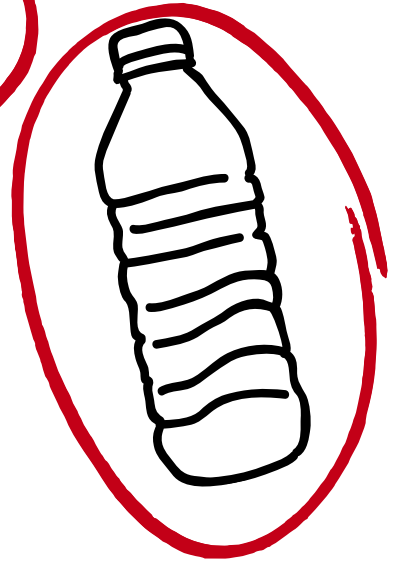

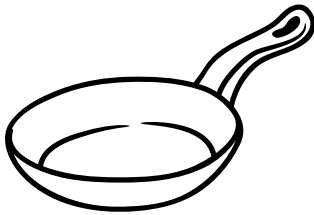

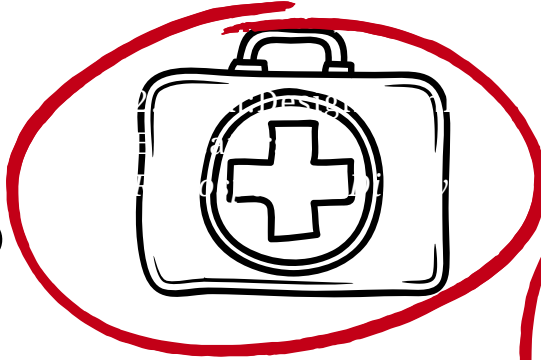

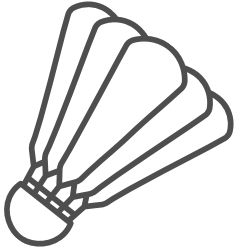

What's in the Bag?

Circle the items that should go in your flood emergency kit (backpack).

What's in the Bag?

Circle the items that should go in your flood emergency kit (backpack).
