Science, ICT, Computer Science
1 year
- STPM**
Science stream
1.5 years
- Matriculation**
Science / Technical stream
1 - 2 years

Up to your own ability

Bachelor's Degree

Computer Science, Software Engineering or Information Technology

If you want to study abroad, you need to go through a different Pre-U programme!

3 - 4 years

Master's Degree / PHD

2 - 6 years

Workforce

App developer, Software Engineer, Data Analyst, Tech Entrepreneur

Tip: Employers often value skills and portfolios as much as academic qualifications. Start with small projects (simple apps, your own website) and build your experience!
